OMA announces Second Quarter 2017 Operational and Financial Results

Monterrey, Mexico, July 20, 2017— Mexican airport operator Grupo Aeroportuario del Centro Norte, S.A.B. de C.V., known as OMA (NASDAQ: OMAB; BMV: OMA), today reported its unaudited, consolidated results for the second quarter 2017.¹

Second quarter 2017 summary

OMA generated growth in its operating indicators and solid financial results in the second quarter of 2017. The sum of aeronautical and non-aeronautical revenues rose 11.4%. The increase in aeronautical revenues reflects an increase of 8.3% in passenger traffic. Non-aeronautical revenue growth was noteworthy for the performance of diversification activities, principally hotels and OMA Carga, and the increase in complementary services as a result of higher checked baggage screening revenues. Adjusted EBITDA rose 16.0%, with an Adjusted EBITDA margin of 65.1%. Operating income rose 19.6%, and net income increased 14.4%.

(Million Passengers and Million Pesos)	2Q16	2Q17	% Var	6M16	6M17	% Var

The principal results of the second quarter include:

- § Total terminal passenger traffic increased 8.3% to 4.9 million in 2Q17. Domestic traffic increased 8.8%, while international traffic increased 4.9%. The Monterrey, Chihuahua, Culiacán, and Zihuatanejo airports recorded the most growth.
- § Aeronautical revenues increased 13.0%, principally as a result of the growth in passenger traffic and an increase in specific tariffs in 2Q17.
 - § Aeronautical revenues per passenger increased 4.3% to Ps. 219.6.
- § Non-aeronautical revenues increased 6.8%, principally as an indirect result of increased passenger traffic and the performance of diversification activities.
 - § Non-aeronautical revenues per passenger decreased 1.4% to Ps. 73.3.
- § Adjusted EBITDA² increased 16.0% to Ps. 936 million. The Adjusted EBITDA margin reached 65.1%, up 2.57 percentage points.
- § Consolidated net income increased 14.4% to Ps. 510 million. Earnings per share increased 13.0% to Ps. 1.29, while earnings per American Depositary Share (ADS) rose 14.8% to US\$ 0.57, based on weighted average shares outstanding.
- § Total Capex, major maintenance, and other smaller expenditures included in the Master Development Programs (MDP) and strategic investments totaled Ps. 331 million.

² Adjusted EBITDA excludes the non-cash maintenance provision, construction revenue, and construction expense. OMA provides a full reconciliation of Adjusted EBITDA to Net Income in the corresponding section of this report; see also the Notes to the Financial Information.

2Q17 Operating Results

Operations, Passengers, and Cargo

Total available seats increased 4.4% to 6,508,664 seats, as airlines continue to optimize their fleets.

The total number of **flight operations** (takeoffs and landings) decreased 6.2% to 83,342 operations. Domestic flight operations decreased 6.7%, and international operations decreased 2.2%.

Airline	Opened			Closed		
	# Routes	Origin	Destination	# Routes	Origin	Destination
Domestic Routes						
VivaAerobus	4	CJS	Cancún			
		MTY	Ciudad Obregón, Tijuana			
		ZIH	Mexico City			
Interjet	2	CUL	Guadalajara			
		CUU	Guadalajara			
Aeroméxico Connect	1	MTY	Puerto Vallarta	3	MTY	Aguascalientes, TRC
Volaris					TRC	MTY
				8	ACA	Mexico City
					CUL	MTY
					CUU	MTY
					MTY	CUL, CUU
			REX	Cancún, Guadalajara, Mexico City		
International Routes						
Aeroméxico Connect	1	MTY	Detroit	1	MTY	Houston

Total passenger traffic increased 8.3% (+377,446 passengers). Of total passenger traffic, 88.4% was domestic, and 11.6% was international. Commercial aviation accounted for 98.4% of passenger traffic. Monterrey generated 50.0% of passenger traffic, Culiacán 9.5%, and Chihuahua 7.3%.

Domestic passenger traffic increased 8.8% (+350,978 passengers). Ten airports recorded growth, with the largest increases in: Monterrey (+9.7%; +189,412), as a result of increased traffic on the Cancún and Guadalajara routes; Chihuahua (+21.2%; +58,066) and Culiacán (+13.5%; +54,613), as a result of growth in traffic on their Mexico City and Guadalajara routes; and Ciudad Juárez (+8.8%; +23,671) as a result of higher traffic on its Guadalajara and Monterrey routes. On the other hand, the airports of Reynosa (-9.7%, -13,617 passengers) and Durango (-13.0%, -12,797) had the largest decreases mainly due to a smaller number of passengers on the route to Mexico City.

International passenger traffic increased 4.9%, and eleven airports recorded increases in international traffic. The most important increases were: Monterrey (+3.3%; +10,161 passengers), as a result of traffic on its Detroit, Chicago, and Atlanta routes; Zacatecas (+18.7%; +5,483), with increased traffic on its Chicago and Los Angeles routes; and Durango (+56.0%; +5,287), with increased traffic on its Los Angeles route.

See *Annex Table 1* for more detail on passenger traffic by airport.

Air cargo volumes increased 7.1%. Of total air cargo volume, 60.1% was domestic and 39.9% was international.

See Notes to the Financial Information

Commercial Operations

OMA implements its commercial strategy through continuous improvement in the services offerings in its airports. This strategy resulted in the opening of 16 commercial initiatives in 2Q17, including financial services, communication, retail stores, and hotel promotion. The commercial space occupancy rate was 97.4% in 2Q17.

Airport	Detail of Commercial Initiatives Implemented	
	Type	Quantity
Ciudad Juárez, Chihuahua, Culiacan, Reynosa, San Luis, Tampico, Zacatecas, and Zihuatanejo	Financial services	8
Ciudad Juárez, Mazatlan, Reynosa, Culiacan, and Torreón	Communications	5
Durango and Monterrey	Retailer	2
San Luis Potosí	Hotel Promotion	1

Hotel Services

§ The **NH Collection Terminal 2 Hotel** had an 87.5% occupancy rate and a 5.1% increase in the average room rate to Ps. 2,226 per night. Revenues increased 13.1% to Ps. 63 million.

§ The **Hilton Garden Inn** had a 73.5% occupancy rate, with an average room rate of Ps. 2,023, up 3.0%. Revenues grew slightly to Ps. 22 million.

OMA Carga Operations

§ **OMA Carga** increased both air and land freight logistics activities, recording a 16.6% increase in revenues to Ps. 37 million. Freight handled grew 13.0% to 8,259 metric tons.

Industrial Services

§ **OMA VYNMSA Aero Industrial Park:** The two warehouses in operation generated Ps. 3 million in revenues in 2Q17. The third 5,000 m² warehouse and the fourth 10,500 m² warehouse are in the commercialization phase.

Consolidated Financial Results

Revenues

Aeronautical revenues increased 13.0% to Ps. 1,079 million, principally as a result of higher passenger volumes and increases in specific tariffs in 2Q17. Revenue from domestic passenger charges increased 13.2%, revenue from international passenger charges increased 22.5%, and other aeronautical services revenue increased 1.5%.

Monterrey contributed 47.4% of aeronautical revenues, Culiacán 9.3%, Chihuahua 7.3%, and Ciudad Juárez 6.0%.

Aeronautical revenues per passenger were Ps. 219.6, an increase of 4.3%.

(Ps. Thousands)	2Q16	2Q17	% Var	6M16	6M17	% Var
Domestic Passenger Charges	610,399	694,073	13.2	1,084,711	1,277,485	17.8
International Passenger Charges	183,286	224,513	22.5	389,943	500,479	28.3
Other Aeronautical Services, Regulated Leases and Access Rights	160,953	163,338	1.5	288,812	315,455	9.2
Aeronautical Revenues	954,638	1,078,923	13.0	1,763,466	2,093,419	18.7
Aeronautical Revenues/Passenger (Ps.)	210.4	219.6	4.3	202.5	221.5	9.4

See Notes to the Financial Information

Non-aeronautical revenues increased 6.8% to Ps. 360 million, and represented 25.0% of the sum of aeronautical and non-aeronautical revenues. The increase reflected principally the expansion of diversification activities.

Non-aeronautical revenues per passenger decreased 1.4% to Ps. 73.3. Non-aeronautical revenues per passenger, excluding diversification activities, were Ps. 47.0.

(1) Includes stores and duty free

(2) Includes loyalty programs, which were canceled in 2017

(3) Marketing revenues and cost recoveries from leases

(4) Includes revenues for all subsidiaries related to hotel services

(5) Leasing of space and other services to airlines and complementary service providers for non-essential activities

See Notes to the Financial Information

Commercial activities contributed an incremental Ps. 3 million (+2.0%). The line items that had the largest variations were:

- § Revenue from retailers (+12.2%; +Ps. 3 million), as a result of increased participation revenues from the stores that opened in 2016, the increase in passenger traffic, and the opening of two new stores in 2017.
- § Restaurants (+10.1%; Ps. +2 million), as a result of the increase in participation from the maturation of openings at the end of 2016, increased passenger traffic, and the opening of two new establishments in 1Q17.
- § Car rental (+10.8%; +Ps. 2 million), as a result of increased participation revenues resulting from higher passenger volumes, the opening of new operations in 2016, and better contractual terms.
- § Advertising (-16.9%, -Ps. 6 million), as a result of the replacement of advertising fixtures that is underway this year.

Diversification activities contributed an additional Ps. 15 million (+13.2%). The most important contributions came from hotel services (+9.1%; +Ps. 7 million) and OMA Carga (+16.6%; +Ps.5 million).

Complementary activities generated an increase of Ps. 4 million (+8.1%), principally because of higher revenues from checked baggage screening.

(Ps. Thousands)	2Q16	2Q17	% Var	6M16	6M17	% Var
Aeronautical Revenues	954,638	1,078,923	13.0	1,763,466	2,093,419	18.7
Non-Aeronautical Revenues	337,239	360,010	6.8	632,883	697,826	10.3
Aeronautical + Non-Aeronautical Revenues	1,291,876	1,438,933	11.4	2,396,349	2,791,245	16.5
Construction Revenues	46,886	300,413	540.7	70,246	66,722	706.8
Total Revenues	1,338,762	1,739,346	29.9	2,466,595	3,357,967	36.1
Aeronautical Revenues + Non-Aeronautical Revenues / Passenger (Ps.)	284.8	292.8	2.8	275.2	295.3	7.3

See Notes to the Financial Information

Construction revenues were Ps. 300 million (+540.7%) and represent the value of improvements to concession assets made during the quarter. They are equal to construction costs recognized, and generate neither a gain nor a loss. (See Notes to the Financial Information and discussion of MDP expenditures below.)

Total revenues, including construction revenues, increased 29.9% to Ps. 1,739 million.

Costs and Operating Expenses

The total cost of airport services and general and administrative expenses (G&A), excluding those related to the hotels and industrial park, decreased 0.6%. The decrease was largely because of a decrease in minor maintenance and the line item other costs and expenses. These were offset by increases in utilities, principally as a result of higher electricity rates.

(Ps. Thousands)	2Q16	2Q17	% Var	6M16	6M17	% Var

Subtotal (Cost of Services + G&A) / Passenger (Ps.)	88.3	81.7	(7.4)	83.6	82.9	(0.9)

See Notes to the Financial Information

The **major maintenance provision** was a charge of Ps. 74 million in 2Q17, a decrease of 7.8%, resulting from a reduction in the estimated future levels of the National Producer Price Index (INPP) applied to the cost of projects. The balance of the maintenance provision as of June 30, 2017 was Ps. 779 million, compared to Ps. 670 million at the end of 2016.

Construction costs are equal to construction revenues and generate neither a gain nor a loss. It should be noted that construction revenues and costs are a function of the advance in execution of projects in the Master Development Programs (MDP) in the 13 airports, and variations depend on the rate of project execution. The increases in 2Q17 reflect the large number of MDP projects currently underway.

The **airport concession tax** increased 13.1% as a result of the growth in revenues.

The **technical assistance fee** increased 48.7% to Ps. 32 million, as a result of the growth in EBITDA. (See Notes to the Financial Information for the calculation base).

As a result of the foregoing, **total operating costs and expenses** increased 39.9% to Ps. 949 million. The increase resulted principally from the increase in construction costs. Excluding construction costs, total costs and operating expenses were Ps. 649 million, an increase of 2.8%.

Adjusted EBITDA and Operating Income

As a result of the Company's continuing initiatives to increase revenues and control costs and expenses, **Adjusted EBITDA** increased 16.0% to Ps. 936 million. The **Adjusted EBITDA margin** rose 2.57 percentage points to 65.1%. (See Notes to the Financial Information for additional discussion of Adjusted EBITDA.)

Operating income rose 19.6% to Ps. 790 million, with an operating margin of 45.4%.

Financing Expense

Financing expense increased by Ps. 58 million to Ps. 90 million in 2Q17. The increase was principally the result of the exchange loss in 2Q17 from the appreciation of the peso against the U.S. dollar, which affected the valuation of cash holdings denominated in U.S. dollars.

MDP, Strategic Investment, and Quality Improvement Expenditures

OMA maintains its firm commitment to provide services of the highest quality for its passengers and airline clients in all thirteen airports. As a result, we are constantly undertaking maintenance projects, development and optimization of infrastructure, and acquisition and repair of equipment, in accordance with domestic and international standards of quality, safety, and airport operation, in a framework of sustainability. Total 2Q17 investment expenditures for capital expenditures, major maintenance, and other non-capitalized expenses included in the MDP and strategic investments³ were Ps. 331 million, and included Ps. 300 million in improvements to concessioned assets, Ps. 15 million for major maintenance, and Ps. 16 million for strategic investments.

The MDP investment commitment for 2017 in the 13 airports was Ps. 1,410 million.⁴ As of the end of 2Q17, 69% the works for planned for 2017 have been contracted.

The most important investment expenditures in 2Q17 included:

Airport	Project	Status
MDP Investments		
Chihuahua	Expansion and remodeling of terminal building	In Process
San Luis Potosí	Expansion and remodeling of terminal building	In Process
Acapulco	Construction of new terminal building	In Process
Reynosa	Construction of new terminal building	In Process
Monterrey	Expansion of the regional flight boarding area in TB	In Process
Monterrey	Construction of remote platform for TB	In Process
Strategic Investments		
Monterrey	Design and construction of new parking	In Process
Monterrey	Design and construction of a new car rental area	In Process
Chihuahua	Construction and expansion of the long-term parking area	Completed

Debt

As of June 30, 2017, total debt was Ps. 4,643 million and net debt was Ps. 2,758 million. The ratio of net debt to Adjusted EBITDA was 0.76. Of total debt, 97% was denominated in Mexican pesos, and 3% in U.S. dollars.

³ The amounts for MDP and strategic investments include works, services, and paid and unpaid acquisitions; the latter are included in accounts payable for the period.

⁴ In Pesos of December 31, 2016 purchasing power.

Derivative Financial Instruments

As of the date of this report, OMA has no derivatives exposure.

Cash Flow Statement

For the first six months of 2017, operating activities generated cash of Ps. 1,410 million, a 69.5% increase compared to the same period of 2016. The increase resulted principally from increased operating income and a reduction in client accounts receivable, which had increased during 2016 as a result of the transition to the new SAP system; these increases were partially offset by higher tax payments.

Investing activities used cash of Ps. 647 million. Outflows included principally Ps. 656 million for improvements to concessioned assets and Ps. 54 million for property, plant and equipment.

Financing activities generated an outflow of Ps. 1,746 million, principally for payment of a dividend of Ps. 1,575 million and interest payments of Ps. 161 million.

As a result of the foregoing, cash decreased Ps. 983 million during the first six months of 2017. The balance of cash and cash equivalents was Ps. 1,886 million as of June 30, 2017.

Notes to the Financial Information

Financial statements are prepared in accordance with International Financial Reporting Standards (“IFRS”), and presented in accordance with IAS 34 “Interim Financial Reporting.”

In December 2016, OMA elected early adoption of the amendments established by International Accounting Standard 27 (IAS 27), which allows for early adoption and retroactive application of the equity method of accounting for investments in subsidiaries, associates and joint ventures in OMA’s separate (holding company) financial statements. The change does not affect OMA’s consolidated results; it only affects the financial statements of Grupo Aeroportuario del Centro Norte, S.A.B. de C.V., on a legal-entity basis, which is the basis on which the annual Shareholders’ Meeting will allocate results for the period.

Adjusted EBITDA: OMA defines Adjusted EBITDA as EBITDA less construction revenue plus construction expense and maintenance provision. Construction revenue and construction cost do not affect cash flow generation and the maintenance provision corresponds to capital investments. Adjusted EBITDA should be not considered as an alternative to net income, as an indicator of our operating performance, or as an alternative to cash flow as an indicator of liquidity, or as an alternative to EBITDA.

Adjusted EBITDA margin: OMA calculates this margin as Adjusted EBITDA divided by the sum of aeronautical revenue and non-aeronautical revenue.

Aeronautical revenues: are revenues from rate-regulated services. These include revenue from airport services, regulated leases, and access fees from second parties to provide complementary and ground transportation services. Airport service revenues include principally departing domestic and international passenger charges (TUA), landing fees, aircraft parking charges, passenger and carry-on baggage screening, and use of passenger jetways, among others. Revenue from second party access fees to provide complementary services include revenue sharing for ramp services, aircraft towing, water loading and unloading, cabin cleaning, electricity supply, catering, security, and aircraft maintenance, among others. Revenues from regulated leases include principally rental to airlines of office space, hangars, and check-in and ticket sales counters. Revenues from access charges for providers of ground transportation services include charges for taxis and buses.

Airport Concession Tax (DUAC): This tax, the *Derecho de Uso de Activos Concesionados*, is equal to 5% of gross revenues, in accordance with the Federal Royalties Law.

American Depositary Shares (ADS): Securities issued by a U.S. depository institution representing ownership interests in the deposited securities of non-U.S. companies. Each OMA ADS represents eight Series B shares.

Capital expenditures, Capex: includes investments in fixed assets (including investments in land, machinery, and equipment) and improvements to concessioned properties.

Cargo unit: equivalent to 100 kg of cargo.

Checked Baggage Screening: During 2012, OMA began to operate checked baggage screening in its 13 airports in order to increase airport security and in compliance with the requirements of the Civil Aviation General Directorate (DGAC). This screening uses the latest technology and is designed to detect explosives in checked baggage. The cost of maintenance of the screening equipment is considered a regulated activity and will be recovered through the

maximum rates, while the operational aspects are assessed as a non-regulated service charge. In accordance with the Civil Aviation Law and the regulations issued by the DGAC, the primary responsibility for damages and losses resulting from checked baggage lies with the airline. Notwithstanding the foregoing, OMA may be found jointly liable with the airline through a legal proceeding if and when all of the following elements are proven: a) occurrence of an illegal act, b) caused by the willful misconduct or bad faith of our subsidiary OMA Servicios Complementarios del Centro Norte, S.A. de C.V., and c) related to or occurring during the baggage screening undertaken by OMA Servicios Complementarios del Centro Norte, S.A. de C.V.

Construction revenue, construction cost: IFRIC 12 “Service Concession Arrangements” addresses how service concession operators should apply existing International Financial Reporting Standards (IFRSs) to account for the obligations they undertake and rights they receive in service concession arrangements. The concession contracts for each of OMA’s airport subsidiaries establishes that the concessionaire is obligated to carry out construction or improvements to the infrastructure transferred in exchange for the rights over the concession granted by the Federal Government. The latter will receive all the assets at the end of the concession period. As a result the concessionaire should recognize, using the percentage of completion method, the revenues and costs associated with the improvements to the concessioned assets. The amount of the revenues and costs so recognized should be the price that the concessionaire pays or would pay in an arm’s length transaction for the execution of the works or the purchase of machinery and equipment, with no profit recognized for the construction or improvement. The change does not affect operating income, net income, or EBITDA, but does affect calculations of margins based on total revenues.

Earnings per share and ADS: use the weighted average of shares or ADS outstanding for each period, excluding Treasury shares from the operation of the share purchase program.

EBITDA: For the purposes of this report, OMA defines EBITDA as net income minus net comprehensive financing income, taxes, and depreciation and amortization. EBITDA should be not considered as an alternative to net income, as an indicator of our operating performance, or as an alternative to cash flow as an indicator of liquidity. Our management believes that EBITDA provides a useful measure of our performance that is widely used by investors and analysts to evaluate our performance and compare it with other companies. However, it should be noted that EBITDA is not defined under IFRS, and may be calculated differently by different companies.

Employee Benefits: IFRS 19 (modified) “Employee Benefits” requires that cumulative actuarial gains and losses from pension obligations be recognized immediately in comprehensive income. These gains and losses arise from the actuarial estimates used for calculating pension liabilities as of the date of the financial statements.

IAS 34 “Interim Financial Reporting”: This norm establishes the minimum content that interim financial statements should include, as well as the criteria for the formulation of the financial statements.

International Financial Reporting Standards (IFRS): Financial statements and other information are presented in accordance with IFRS and their Interpretations. The financial statements for the year ended December 31, 2010 were the last statements prepared in accordance with Mexican Financial Reporting Standards.

Major Maintenance Provision: represents the obligation for future disbursements resulting from wear and tear or deterioration of the concessioned assets used in operations including: runways, platforms, taxiways, and terminal buildings. The provision is increased periodically for the wear and tear to the concessioned assets and the Company’s

estimates of the disbursements it needs to make. The use of the provision corresponds to the outflows made for the conservation of these operational assets.

Master Development Plan (MDP): The investment plan agreed to with the government every five years, under the terms of the concession agreement. These include capital investments and maintenance for aeronautical activities, and exclude commercial and other non-aeronautical investments. The investment horizon is 15 years, of which the next five years are committed investments.

Maximum Rate System: The Ministry of Communications and Transportation (SCT) regulates all our aeronautical revenues under a maximum rate system, which establishes the maximum amount of revenues per workload unit (one terminal passenger or 100kg of cargo) that may be earned by each airport each year from all regulated revenue sources. The concessionaire sets and registers the specific prices for services subject to regulation, which may be adjusted every nine months as long as the combined revenue from regulated services per workload unit at an airport does not exceed the maximum rate. The SCT reviews compliance with maximum rates on an annual basis after the close of each year.

NH Collection T2 hotel: The NH Collection hotel in Terminal 2 of the Mexico City International Airport.

Non-aeronautical revenues: are revenues that are not subject to rate regulation. These include revenues derived from commercial activities such as parking, advertising, car rentals, leasing of commercial space, freight management and handling, and other lease income, among others; diversification activities, such as the Hotel NH Terminal 2; and complementary activities, such as checked baggage screening.

Passengers: all references to passenger traffic volumes are to terminal passengers.

Passengers that pay passenger charges (TUA): Departing passengers, excluding connecting passengers, diplomats, and infants.

Passenger charges (TUA, *Tarifa de Uso de Aeropuerto*): are paid by departing passengers (excluding connecting passengers, diplomats, and infants). Rates are established for each airport and are different for domestic and international travel.

Prior period comparisons: unless stated otherwise, all comparisons of operating or financial results are made with respect to the comparable prior year period. Balance sheet numbers are compared to the balances at the end of the prior year.

Strategic investments: refers only to those investments that are additional to those in the Master Development Plan.

Technical Assistance Fee: Until June 13, 2016, this fee was charged as the higher of US\$3.0 million per year or 5% of EBITDA before technical assistance. With the signing of an Amendment to the Technical Assistance and Technology Transfer Agreement effective June 14, 2016, the annual fee is charged as the higher of US\$ 3.0 million per year or 4% of EBITDA for the second three years and 3% for the final two years of the agreement. For the purposes of this calculation, consolidated EBITDA before technical assistance takes into account only the subsidiaries holding the airport concessions or that provide personnel services directly or indirectly to the airports.

Terminal passengers: includes passengers on the three types of aviation (commercial, charter, and general aviation), and excludes passengers in transit.

Unaudited financials: financial statements are unaudited statements for the periods covered by the report.

Workload Unit: one terminal passenger or one cargo unit.

This report may contain forward-looking information and statements. Forward-looking statements are statements that are not historical facts. These statements are only predictions based on our current information and expectations and projections about future events. Forward-looking statements may be identified by the words “believe,” “expect,” “anticipate,” “target,” “estimate,” or similar expressions. While OMA’s management believes that the expectations reflected in such forward-looking statements are reasonable, investors are cautioned that forward-looking information and statements are subject to various risks and uncertainties, many of which are difficult to predict and are generally beyond the control of OMA, that could cause actual results and developments to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include, but are not limited to, those discussed in our most recent annual report filed on Form 20-F under the caption “Risk Factors.” OMA undertakes no obligation to update publicly its forward-looking statements, whether as a result of new information, future events, or otherwise.

About OMA
Grupo Aeroportuario del Centro Norte, S.A.B. de C.V., known as OMA, operates 13 international airports in nine states of central and northern Mexico. OMA’s airports serve Monterrey, Mexico’s second largest metropolitan area, the tourist destinations of Acapulco, Mazatlán, and Zihuatanejo, and nine other regional centers and border cities. OMA also operates the NH Collection Hotel inside Terminal 2 of the Mexico City airport and the Hilton Garden Inn at the Monterrey airport. OMA employs over 1,000 persons in order to offer passengers and clients airport and commercial services in facilities that comply with all applicable international safety, security, and ISO 9001:2008 environmental standards. OMA is listed on the Mexican Stock Exchange (OMA) and on the NASDAQ Global Select Market (OMAB). For more information, visit:
