OMA announces Fourth Quarter and Full Year 2016 Operational and Financial Results

Monterrey, Mexico, February 27, 2016— Mexican airport operator Grupo Aeroportuario del Centro Norte, S.A.B. de C.V., known as OMA (NASDAQ: OMAB; BMV: OMA), today reported its unaudited, consolidated results for the fourth quarter and full year 2016.¹

Fourth quarter 2016 summary

OMA generated growth in its operating indicators and solid financial results in the fourth quarter of 2016. The sum of aeronautical and non-aeronautical revenues rose 27.0%. The increase in aeronautical revenues reflects the initiatives to develop new routes and connectivity of the 13 airports, which translated into an increase of 12.5% in passenger traffic, as well as the increase in tariffs in the second quarter of 2016. Non-aeronautical revenues were noteworthy for the performance of diversification activities, principally OMA Carga, and commercial activities, principally as a result of the performance of stores and restaurants. Adjusted EBITDA rose 35.2% with an Adjusted EBITDA margin of 62.2%. Operating income rose 19.9% and net income increased 43.7%.

(Million Passengers and Million Pesos)	4 Q15	4 Q16	% Var	2015	2016	% Var

The principal results of the fourth quarter include:

- Total terminal passenger traffic increased 12.5% to 4.9 million in 4Q16. Domestic traffic increased 13.9%, while international traffic decreased 3.8%. The Monterrey, Culiacán, Chihuahua, and Ciudad Juárez airports had the most growth.
 - Thirteen new routes opened in the quarter, including nine domestic and four international routes.
- Aeronautical revenues increased 30.6%, principally as a result of the growth in passenger traffic and an increase in specific tariffs in 2Q16.
 - Aeronautical revenues per passenger increased 16.1% to Ps. 214.2.
- Non-aeronautical revenues increased 17.3%, principally as an indirect result of increased passenger traffic and the performance of diversification and commercial activities.
 - Non-aeronautical revenues per passenger increased 4.2% to Ps. 73.4.
- Adjusted EBITDA² increased 35.2% to Ps. 879 million. The Adjusted EBITDA margin reached 62.2%, up 378 basis points.
- Consolidated net income increased 43.7% to Ps. 569 million. Earnings were Ps. 1.44 per share, or US\$ 0.56 per American Depositor Share (ADS).
- Total Capex, major maintenance, and other smaller expenditures included in the Master Development Program (MDP) and strategic investments totaled Ps. 277 million.

Annual Summary

During the full year 2016, OMA generated positive operational and financial results, and set new records for passenger traffic, revenues, Adjusted EBITDA, Adjusted EBITDA margin, and consolidated net income. Passenger traffic reached 18.8 million, a 10.9% increase compared to 2015. The growth in traffic resulted in a 27.7% increase in aeronautical revenues and a 19.9% increase in non-aeronautical revenues. The sum of aeronautical and non-aeronautical revenues was Ps. 5,205 million, an increase of 25.6%. During the year, 29 net new routes opened. At the same time, OMA maintained discipline in total operating costs and expenses, which rose 11.9%. Cash flow continued to increase, with Adjusted EBITDA reaching Ps. 3,323 million (+35.7%), with an Adjusted EBITDA margin of 63.8%. Operating income grew 36.7%. The effective tax rate was 28.5%. Consolidated net income reached Ps. 1,877 million, an increase of 51.7%. Earnings per share were Ps. 4.76 and US\$ 1.84 per ADS. In order to expand and improve infrastructure and to improve service quality in our 13 airports, a total of Ps. 623 million was used for the Master Development Program and strategic investments. For the full year, the return on equity reached 28.0%.

² Adjusted EBITDA excludes the non-cash maintenance provision, construction revenue, and construction expense. OMA provides a full reconciliation of Adjusted EBITDA to Net Income in the corresponding section of this report; see also the Notes to the Financial Information.

During the year, OMA continued to position itself as a leader in the area of sustainability, in its different aspects. Certifications for workplace safety, environmental management, and social responsibility were renewed in a number of business units. Among the principal achievements, OMA was included in the Dow Jones Sustainability Index ("DJSI") for the second consecutive year and the Mexican Stock Exchange's Sustainability Index ("IPC Sustentable") for the sixth consecutive year. The company was awarded recognition as a "Great Place to Work" for the fifth consecutive year and had the highest ranking among the 100 companies evaluated in the northeastern region of Mexico. OMA also received certification as a Socially Responsible Company from the Mexican Center for Philanthropy for the ninth consecutive year. In addition, the Torreón and Zihuatanejo airports received their "Civil Aerodrome Certification" from the Ministry of Communications and Transportation. OMA was included as a constituent in the Mexican Stock Exchange's benchmark IPC Index for the second consecutive year.

4Q16 Operating Results

Passenger Traffic, Flight Operations, and Cargo Volumes

The total number of flight operations (takeoffs and landings) increased 4.8% to 91,856 operations. Domestic flight operations increased 6.0%, and international operations decreased 2.5%.

	4Q15	4Q16	% Var	2015	2016	% Var
Flight Operations (Takeoffs and Landings):						
Domestic	75,749	80,275	6.0	297,285	311,975	4.9
International	11,878	11,581	(2.5)	47,771	46,386	(2.9)
Total Flight Operations	87,627	91,856	4.8	345,056	358,361	3.9
Passenger Traffic:						
Domestic	3,792,858	4,349,377	13.9	14,551,000	16,387,946	12.6
International	579,017	600,898	3.8	2,371,143	2,375,692	0.2
Total Passenger Traffic	4,371,875	4,950,275	12.5	16,922,143	18,763,638	10.9

Workload Units	4,618,408	5,167,416	11.9	17,849,900	19,685,760	10.3

See Notes to the Financial Information

Total passenger traffic increased 12.5% (+548,400 passengers). Of total passenger traffic, 87.8% was domestic, and 12.2% was international. Commercial aviation accounted for 98.3% of passenger traffic. Monterrey generated 48.5% of passenger traffic, Culiacán 9.9%, and Chihuahua 7.2%.

Domestic passenger traffic increased 13.9% (+526,519 passengers). Eleven airports recorded growth, with the largest increases in: Monterrey (+13.1%; +238,822), because of increased traffic on the Mexico City, Cancún, Guadalajara, Tijuana, and Mérida; Culiacán (+21.6%; +84,759), from higher traffic on the Tijuana, Guadalajara, and Mexicali routes; Chihuahua (+25.5%; +67,175), from increased traffic on the Mexico City and Guadalajara routes; and Ciudad Juárez (+24.5%; +56,416), also as a result of higher traffic on the Mexico City and Guadalajara routes.

Nine domestic routes opened during the quarter, and three closed.

Airline	Domestic Route	Opened / Closed	Date
Aeroméxico Connect	Monterrey - Torreón	Opened	1-Oct-16
Aeroméxico Connect	Torreón - Monterrey	Opened	1-Oct-16
TAR	Tampico - Villahermosa	Opened	7-Oct-16
TAR	Chihuahua - Torreón	Opened	3-Nov-16
TAR	Torreón - Chihuahua	Opened	3-Nov-16
TAR	Torreón - Querétaro	Opened	3-Nov-16
TAR	Zihuatanejo - Querétaro	Opened	3-Nov-16
TAR	Acapulco - Toluca	Opened	6-Nov-16
VivaAerobus	Monterrey - Tijuana	Opened	19-Dec-16
TAR	Ciudad Juárez - Puerto Peñasco	Closed	30-Oct-16
TAR	Zihuatanejo - Acapulco	Closed	30-Oct-16
Aeroméxico Connect	Monterrey - Mérida	Closed	30-Nov-16

International passenger traffic increased 3.8%, and eight airports recorded increases in international traffic. Durango (+127.6%; +7,846 passengers) had the largest increase as a result of traffic growth on its Chicago route. Monterrey (-2.0%; -6,592) had the largest decrease, principally because of reductions on the Dallas and Miami routes.

During the quarter, four international routes opened.

Airline	International Route	Opened / Closed	Date
Volaris	Monterrey - Denver	Opened	1-Dec-16
VivaAerobus	Monterrey - Las Vegas	Opened	15-Dec-16
Sunwing	Mazatlán - Winnipeg	Opened	16-Dec-16
Aeroméxico Connect	Monterrey - Denver	Opened	17-Dec-16

See *Annex Table 1* for more detail on passenger traffic by airport.

Air cargo volumes increased 0.2%. Of total air cargo volume, 63.9% was domestic and 36.1% was international.

Commercial Operations

The continuous improvement in the commercial and services offerings and the implementation of OMA's commercial strategy resulted in the opening of 21 commercial spaces or initiatives in 4Q16, including car rental, retail stores, financial services, hotel promotion, and passenger services. The commercial space occupancy rate was 95.2% in 4Q16.

Detail of Commercial Initiatives Implemented		
Airport	Type	Quantity
Acapulco, Tampico, Torreón, Reynosa, and Zacatecas	Car rental	9
Culiacán, Monterrey, and Mazatlán	Retail stores	6
Ciudad Juárez, Monterrey, and Zacatecas	Restaurants	3
Reynosa	Financial services	1
Reynosa	Hotel promotion	1
Torreón	Passengerservices	1

Hotel Services

- **NH Collection Terminal 2 Hotel** had a 79.1% occupancy rate, with a 9.5% increase in the average room rate to Ps. 2,368 per night. Revenues increased 2.5% to Ps. 60 million.
- The **Hilton Garden Inn** had a 71.6% occupancy rate, with an average room rate of Ps. 2,057, up 22.1%. Revenues grew 55.1% to Ps. 22 million.

OMA Carga Operations

OMA Carga increased both air and land freight logistics activities, recording a 30.8% increase in revenues to Ps. 37 million. Freight handled grew 19.7% to 7,291 metric tons.

Industrial Services

OMA VYNMSA Aero Industrial Park: The two warehouses in operation generated Ps. 3 million in revenues in 4Q16.

Consolidated Financial Results

Revenues

Aeronautical revenues increased 30.6% to Ps. 1,054 million, principally as a result of higher passenger volumes and increases in specific tariffs in 2Q16, as well as the strengthening of the dollar against the peso and an increase in the number of operations. Revenue from domestic passenger charges increased 38.4%, revenue from international passenger charges increased 28.4%, and other aeronautical services revenue increased 6.0%.

Monterrey contributed 47.2% of aeronautical revenues, Culiacán 9.4%, Chihuahua 7.2%, and Ciudad Juárez 5.5%.

Aeronautical revenue per passenger was Ps. 214.2, an increase of 16.1%.

(Ps. Thousands)	4Q15	4Q16	% Var	2015	2016	% Var
Domestic Passenger Charges	495,848	686,082	38.4	1,845,829	2,477,711	34.2
International Passenger Charges	174,382	219,991	28.4	650,880	810,519	24.5
Other Aeronautical Services, Regulated Leases and Access	139,469	147,785	6.0	535,421	584,504	9.0
Aeronautical Revenues	806,699	1,053,858	30.6	3,033,130	3,872,735	27.7
Aeronautical Revenues/Passenger (Ps.)	184.5	214.2	16.1	179.2	206.4	15.2

See Notes to the Financial Information

Non-aeronautical revenues increased 17.3% to Ps. 361 million, and represented 25.5% of the sum of aeronautical and non-aeronautical revenues. The increase reflected principally the expansion of commercial and diversification activities.

Non-aeronautical revenues per passenger increased 4.2% to Ps. 73.4. Non-aeronautical revenues per passenger, excluding diversification activities, were Ps. 47.3.

(2) Marketing revenues and cost recoveries from leasees

(3) For comparative purposes, the amounts for 4Q15 and 2015 have been restated.

(4) Includes revenues for all subsidiaries related to hotel services

(5) Leasing of space and other services to airlines and complementary service providers for non-essential activities

See Notes to the Financial Information

Commercial activities contributed an incremental Ps. 29 million (+19.1%). The line items that had the largest variations were:

- Revenue from retailers (+58.5%; +Ps. 11 million), as a result of increased passenger traffic, new stores, and changes in the mix of stores since 4Q15, including three new stores in 4Q16.

- Restaurants (+47.6%; +Ps. 8 million), principally as a result of increased participation revenues from the effect of higher passenger volumes and openings since 4Q15, including three new restaurants in 4Q16.
- Car rental (+43.7%; +Ps. 7 million), as a result of increased participation revenues and nine openings in five airports in 4Q16.

Diversification activities contributed an additional Ps. 22 million (+20.0%). The most important contributions came from hotel services (+12.6%; +Ps. 9 million) and OMA Carga (+30.8%; +Ps.9 million).

Complementary activities generated an increase of Ps. 3 million (+6.6%), principally because of higher revenues from checked baggage screening.

(Ps. Thousands)	4Q15	4Q16	% Var	2015	2016	% Var
Aeronautical Revenues	806,699	1,053,859	30.6	3,033,130	3,872,735	27.7
Non-Aeronautical Revenues ⁽¹⁾	307,812	361,107	17.3	1,111,541	1,332,762	19.9

Aeronautical Revenues + Non-Aeronautical Revenues / Passenger	254.9	287.6	12.8	244.9	277.4	13.3

(1) For comparative purposes, the amounts for 4Q15 and 2015 have been restated.
See Notes to the Financial Information

Construction revenues were Ps. 154 million and represent the value of improvements to concession assets made during the quarter. They are equal to construction costs recognized, and generate neither a gain nor a loss. (See Notes to the Financial Information.)

Total revenues, including construction revenues, increased 29.9% to Ps. 1,569 million in 4Q16.

Costs and Operating Expenses

The total cost of airport services and general and administrative expenses, excluding those related to the hotels and industrial park, increased 16.7%, largely because of an increase in subcontracted services, as a result of contractual increases for security services and renewal of the cleaning contract, and costs and expenses related to the operation and support of the SAP system.

(1) For comparative purposes, the amounts for 4Q15 and 2015 have been restated.
See Notes to the Financial Information

The **major maintenance provision** was a charge of Ps. 82 million in 4Q16, resulting from changes in the estimated increases in the National Producer Price Index (INPP), while in 4Q15 there was a credit of Ps. 18 million as a result of a reduction in the liability after the major maintenance requirements for the 2016-20 MDP period were defined. The balance of the maintenance provision as of December 31, 2016 was Ps. 670 million, compared to Ps. 604 million at the end of 2015.

Construction costs are equal to construction revenues and generate neither a gain nor a loss.

The **airport concession tax** increased 13.6% as a result of the growth in revenues.

The **technical assistance fee** increased 35.6% to Ps. 35 million, as a result of the growth in EBITDA. *See Notes to the Financial Information for the calculation base.*

As a result of the foregoing, **total operating costs and expenses** increased 40.2% to Ps. 839 million. The increase resulted principally for increases in the major maintenance provision and construction costs, reflecting the high level of new investment expenditures in the 2016-20 MDP and the pace of execution of works and advances in projects.

Financing Income (Expense)

OMA recorded net **Financing income** of Ps. 42 million, as compared to an expense in 4Q15. The variation was principally the result of an increase of interest income of Ps.156 million, from the effect of updating the major maintenance provision from an increase in the discount rate, reflecting market conditions.

MDP, Strategic Investment, and Quality Improvement Expenditures

OMA maintains its firm commitment to provide services of the highest quality to its passengers and airline clients in all thirteen airports. As a result, we are constantly undertaking maintenance projects, development and optimization of infrastructure, and acquisition and repair of equipment, in accordance with domestic and international standards of quality, safety, and airport operation, in a framework of sustainability. Total 4Q16 investment expenditures for capital expenditures, major maintenance, and other non-capitalized expenses included in the MDP and strategic investments³ were Ps. 277 million, and included principally Ps. 154 million in improvements to concessioned assets, Ps. 65 million for major maintenance, Ps. 1 million for other non-capitalized concepts, and Ps. 57 million for strategic investments.

The MDP investment commitment for 2016 in the 13 airports was Ps. 1,352 million⁴. As of the end of 2016,, all the works for planned for 2016 had been contracted.

The most important investment expenditures in 4Q16 included:

Airport	Project	Status
MDP Investments		
Chihuahua	Expansion and remodeling of the terminal building	Started
Monterrey	Construction of remote platforms for Terminal A and Terminal B	Started
Monterrey	Expansion of Platform Fox	Started
Reynosa	Rehabilitation and expansion of platform and taxiway	Started
Culiacán	Expansion of the commercial aviation platform	Started
Monterrey	Construction of maneuvering area, leveling of runway margins, and major rehabilitation of platform	In Process
Reynosa	Construction of terminal building	In Process
Acapulco	Construction of electrical substation and emergency power facilities	In Process
Chihuahua	Runway rehabilitation	In Process
Acapulco	Preliminary work, foundations, structure, and roofing of the new terminal building	In Process
Durango	Major rehabilitation of general aviation platform	Completed
Tampico	Major rehabilitation of runway	Completed
Strategic Investments		
Monterrey	Construction of the 4th warehouse in the Industrial Park	In Process
Monterrey	Phase II urbanization works for the Industrial Park	In Process
Monterrey	Construction of the 3d warehouse in the Industrial Park	In Process

³ The amounts for MDP and strategic investments include works, services, and paid and unpaid acquisitions; the latter are included in accounts payable for the period.

⁴ In Pesos of December 31, 2015 purchasing power.

Debt

As of December 31, 2016, total debt was Ps. 4,694 million and net debt was Ps. 1,688 million. The ratio of net debt to Adjusted EBITDA was 0.51. Of total debt, 96% was denominated in Mexican pesos, and 4% in U.S. dollars.

Derivative Financial Instruments

As of the date of this report, OMA has no derivatives exposure.

Cash Flow Statement

For the full year 2016, operating activities generated cash of Ps. 2,113 million, a 2.1% increase compared to 2015. The increase resulted principally from increased operating income, which was partially offset by higher taxes and an increase in accounts receivable. The latter reflected the increased volume of operations and invoicing, principally for passenger charges. The main airlines are operating with payment terms of 60 days for this charge. Cash generated from operating activities was used principally to pay dividends and make the investment expenditures under the MDP (improvements to concessioned assets, major maintenance, and other minor items).

Investing activities used cash of Ps. 198 million. The most important inflows were Ps. 93 million in interest income, a Ps. 60 million gain on investments held to maturity, and Ps. 22 million from the sale of land not related to the concessions. Outflows included Ps. 212 million for improvements to concessioned assets, Ps. 115 million in land, property, plant, machinery and equipment, and Ps. 46 million for other assets.

Financing activities generated an outflow of Ps. 1,514 million. The most important item was payment of a cash dividend of Ps. 1,372 million (net of share repurchases) in 2Q16.

Cash increased Ps. 401 million during 2016. The balance of cash and cash equivalents was Ps. 3,006 million as of December 31, 2016. (See Annex Table 4).

Material and Subsequent Events

New OMA Carga In-Bond Warehouse The new 1,650 m² in-bond warehouse at the Monterrey airport received official certification and started operations in February 2017. This facility doubles OMA Carga's operating capacity.

The Reynosa airport began construction of a new terminal building: The new building will have a capacity to serve more than one million passengers per year, in a two-level building of more than 8,000 m². Construction is expected to require 20 months, with an estimated investment of Ps. 302 million.

The Chihuahua airport began work on the expansion and remodeling of its terminal building: The total project has an area of 15,253 m², and will be carried out over a period of 20 months. The expansion will increase the airport's capacity to 1.7 million passengers per year. The estimated investment is Ps. 308 million.

OMA celebrates its 10th anniversary as a publicly listed company: OMA celebrated its 10th Anniversary as a publicly-listed company on the Mexican Stock Exchange and the Nasdaq Stock Market in New York. Diego Quintana, Chairman of OMA's Board, and Porfirio González OMA's CEO, presided at the ceremony, accompanied by other officers of the Company.

The San Luis Potosí airport began work on the expansion and remodeling of its terminal building: The project includes an expansion of 8,600 m² and the remodeling of 4,100 m². These improvements will increase the airport terminal's capacity to 1.2 million passengers per year, in a two level building totaling 13,000 m². The estimated investment is Ps. 400 million.

OMA is recognized as the Number 1 company in the Great Place to Work (GPTW) rankings in the Northeast region For the fifth consecutive year, OMA was awarded certification as a Great Place to Work, as awarded by the Instituto Great Place to Work (GPTW) México in the northeastern region, from a total of 100 companies evaluated.

Aerodrome Certification for the Zihuatanejo airport: On October 11, 2016, Zihuatanejo received its "Civil Aerodrome Certification" authorized by the Ministry of Communications and Transportation (SCT) through the Directorate General for Civil Aviation (DGAC).

OMA (NASDAQ: OMAB; BMV: OMA) will hold its 4Q16 earnings conference call on February 28, 2017 at 11 am Eastern time, 10 Mexico City time.

*The conference call is accessible by calling **1-888-437-9445** toll-free from the U.S. or **1-719-325-2429** from outside the U.S. The conference ID is **1273018** A taped replay will be available through March 7, 2017 at*

The conference call will also be available by webcast at <http://ir.oma.aero/events.cfm>.

Notes to the Financial Information

Financial statements are prepared in accordance with International Financial Reporting Standards ("IFRS"), and presented in accordance with IAS 34 "Interim Financial Reporting."

In December 2015, OMA elected early adoption of the amendments established by International Accounting Standard 27 (IAS 27), which allows for early adoption and retroactive application of the equity method of accounting for investments in subsidiaries, associates and joint ventures in OMA's separate (holding company) financial statements. The change does not affect OMA's consolidated results; it only affects the financial statements of Grupo Aeroportuario del Centro Norte, S.A.B. de C.V., on a legal-entity basis, which is the basis on which the annual Shareholders' Meeting will allocate results for the period.

Adjusted EBITDA OMA defines Adjusted EBITDA as EBITDA less construction revenue plus construction expense and maintenance provision. Construction revenue and construction cost do not affect cash flow generation and the maintenance provision corresponds to capital investments. Adjusted EBITDA should be not considered as an alternative to net income, as an indicator of our operating performance, or as an alternative to cash flow as an indicator of liquidity, or as an alternative to EBITDA.

Adjusted EBITDA margin: OMA calculates this margin as Adjusted EBITDA divided by the sum of aeronautical revenue and non-aeronautical revenue.

Aeronautical revenues: are revenues from rate-regulated services. These include revenue from airport services, regulated leases, and access fees from fourth parties to provide complementary and ground transportation services. Airport service revenues include principally departing domestic and international passenger charges (TUA), landing fees, aircraft parking charges, passenger and carry-on baggage screening, and use of passenger jetways, among others. Revenue from fourth party access fees to provide complementary services include revenue sharing for ramp services, aircraft towing, water loading and unloading, cabin cleaning, electricity supply, catering, security, and aircraft maintenance, among others. Revenues from regulated leases include principally rental to airlines of office space, hangars, and check-in and ticket sales counters. Revenues from access charges for providers of ground transportation services include charges for taxis and buses.

Airport Concession Tax (DUAC): This tax, the *Derecho de Uso de Activos Concesionados*, is equal to 5% of gross revenues, in accordance with the Federal Royalties Law.

American Depositary Shares (ADS): Securities issued by a U.S. depository institution representing ownership interests in the deposited securities of non-U.S. companies. Each OMA ADS represents eight Series B shares.

Capital expenditures, Capex: includes investments in fixed assets (including investments in land, machinery, and equipment) and improvements to concessioned properties.

Cargo unit: equivalent to 100 kg of cargo.

Checked Baggage Screening: During 2012, OMA began to operate checked baggage screening in its 13 airports in order to increase airport security and in compliance with the requirements of the Civil Aviation General Directorate (DGAC). This screening uses the latest technology and is designed to detect explosives in checked baggage. The cost of maintenance of the screening equipment is considered a regulated activity and will be recovered through the maximum rates, while the operational aspects are assessed as a non-regulated service charge. In accordance with the Civil Aviation Law and the regulations issued by the DGAC, the primary responsibility for damages and losses

resulting from checked baggage lies with the airline. Notwithstanding the foregoing, OMA may be found jointly liable with the airline through a legal proceeding if and when all of the following elements are proven: a) occurrence of an illegal act, b) caused by the willful misconduct or bad faith of our subsidiary OMA Servicios Complementarios del Centro Norte, S.A. de C.V., and c) related to or occurring during the baggage screening undertaken by OMA Servicios Complementarios del Centro Norte, S.A. de C.V.

Construction revenue, construction cost: IFRIC 12 "Service Concession Arrangements" addresses how service concession operators should apply existing International Financial Reporting Standards (IFRSs) to account for the obligations they undertake and rights they receive in service concession arrangements. The concession contracts for each of OMA's airport subsidiaries establishes that the concessionaire is obligated to carry out construction or improvements to the infrastructure transferred in exchange for the rights over the concession granted by the Federal Government. The latter will receive all the assets at the end of the concession period. As a result the concessionaire should recognize, using the percentage of completion method, the revenues and costs associated with the improvements to the concessioned assets. The amount of the revenues and costs so recognized should be the price that the concessionaire pays or would pay in an arm's length transaction for the execution of the works or the purchase of machinery and equipment, with no profit recognized for the construction or improvement. The change does not affect operating income, net income, or EBITDA, but does affect calculations of margins based on total revenues.

Earnings per share and ADS: use the weighted average of shares or ADS outstanding for each period, excluding Treasury shares from the operation of the share purchase program.

EBITDA: For the purposes of this report, OMA defines EBITDA as net income minus net comprehensive financing income, taxes, and depreciation and amortization. EBITDA should be not considered as an alternative to net income, as an indicator of our operating performance, or as an alternative to cash flow as an indicator of liquidity. Our management believes that EBITDA provides a useful measure of our performance that is widely used by investors and analysts to evaluate our performance and compare it with other companies. However, it should be noted that EBITDA is not defined under IFRS, and may be calculated differently by different companies.

Employee Benefits: IFRS 19 (modified) "Employee Benefits" requires that cumulative actuarial gains and losses from pension obligations be recognized immediately in comprehensive income. These gains and losses arise from the actuarial estimates used for calculating pension liabilities as of the date of the financial statements.

IAS 34 "Interim Financial Reporting": This norm establishes the minimum content that interim financial statements should include, as well as the criteria for the formulation of the financial statements.

International Financial Reporting Standards (IFRS): Financial statements and other information are presented in accordance with IFRS and their Interpretations. The financial statements for the year ended December 31, 2010 were the last statements prepared in accordance with Mexican Financial Reporting Standards.

Major Maintenance Provision: represents the obligation for future disbursements resulting from wear and tear or deterioration of the concessioned assets used in operations including: runways, platforms, taxiways, and terminal buildings. The provision is increased periodically for the wear and tear to the concessioned assets and the Company's estimates of the disbursements it needs to make. The use of the provision corresponds to the outflows made for the conservation of these operational assets.

Master Development Plan (MDP): The investment plan agreed to with the government every five years, under the terms of the concession agreement. These include capital investments and maintenance for aeronautical activities, and exclude commercial and other non-aeronautical investments. The investment horizon is 15 years, of which the next five years are committed investments.

Maximum Rate System: The Ministry of Communications and Transportation (SCT) regulates all our aeronautical revenues under a maximum rate system which establishes the maximum amount of revenues per workload unit (one terminal passenger or 100kg of cargo) that may be earned by each airport each year from all regulated revenue sources. The concessionaire sets and registers the specific prices for services subject to regulation, which may be adjusted every nine months as long as the combined revenue from regulated services per workload unit at an airport does not exceed the maximum rate. The SCT reviews compliance with maximum rates on an annual basis after the close of each year.

NH Collection T2 hotel: The NH Collection hotel in Terminal 2 of the Mexico City International Airport.

Non-aeronautical revenues: are revenues that are not subject to rate regulation. These include revenues derived from commercial activities such as parking, advertising, car rentals, leasing of commercial space, freight management and handling, and other lease income, among others; diversification activities, such as the Hotel NH Terminal 2; and complementary activities, such as checked baggage screening.

Passengers: all references to passenger traffic volumes are to terminal passengers.

Passengers that pay passenger charges (TUA): Departing passengers, excluding connecting passengers, diplomats, and infants.

Passenger charges (TUA, *Tarifa de Uso de Aeropuerto*): are paid by departing passengers (excluding connecting passengers, diplomats, and infants). Rates are established for each airport and are different for domestic and international travel.

Prior period comparisons: unless stated otherwise, all comparisons of operating or financial results are made with respect to the comparable prior year period. Balance sheet numbers are compared to the balances at the end of the prior year.

Strategic investments: refers only to those investments that are additional to those in the Master Development Plan.

Technical Assistance Fee: Until June 13, 2015, this fee was charged as the higher of US\$3.0 million per year or 5% of EBITDA before technical assistance. With the signing of an Amendment to the Technical Assistance and Technology Transfer Agreement effective June 14, 2015, the annual fee is charged as the higher of US\$ 3.0 million per year or 4% of EBITDA for the fourth three years and 3% for the final two years of the agreement. For the purposes of the calculation, consolidated EBITDA before technical assistance takes into account only the subsidiaries holding the airport concessions or that provide personnel services directly or indirectly to the airports.

Terminal passengers: includes passengers on the three types of aviation (commercial, charter, and general aviation), and excludes passengers in transit.

Unaudited financials: financial statements are unaudited statements for the periods covered by the report.

Workload Unit: one terminal passenger or one cargo unit.

This report may contain forward-looking information and statements. Forward-looking statements are statements that are not historical facts. These statements are only predictions based on our current information and expectations and projections about future events. Forward-looking statements may be identified by the words "believe," "expect," "anticipate," "target," "estimate," or similar expressions. While OMA's management believes that the expectations reflected in such forward-looking statements are reasonable, investors are cautioned that forward-looking information and statements are subject to various risks and uncertainties, many of which are difficult to predict and are generally beyond the control of OMA, that could cause actual results and developments to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include, but are not limited to, those discussed in our most recent annual report filed on Form 20-F under the caption "Risk Factors." OMA undertakes no obligation to update publicly its forward-looking statements, whether as a result of new information, future events, or otherwise.

About OMA

Grupo Aeroportuario del Centro Norte, S.A.B. de C.V., known as OMA, operates 13 international airports in nine states of central and northern Mexico. OMA's airports serve Monterrey, Mexico's third largest metropolitan area, the tourist destinations of Acapulco, Mazatlán, and Zihuatanejo and nine other regional centers and border cities. OMA also operates the NH Collection Hotel inside Terminal 2 of the Mexico City airport and the Hilton Garden Inn at the Monterrey airport. OMA employs over 1,000 persons in order to offer passengers and clients airport and commercial service in facilities that comply with all applicable international safety, security, and ISO 9001:2008 environmental standards. OMA is listed on the Mexico Stock Exchange (OMA) and on the NASDAQ Global Select Market (OMAB). For more information, visit:
