OMA's April 2007 total passenger traffic increases 17.8%

- Domestic traffic jumps 27%

Monterrey, NL, Mexico, May 9, 2007—Mexican airport operator Grupo Aeroportuario del Centro Norte, S.A.B. de C.V., known as OMA, reports that total passenger traffic (terminal passengers) at its 13 airports reached 1.16 million in April 2007, an increase of 17.8% compared to April 2006, driven by a 27% increase in domestic traffic. Eight airports reported double-digit growth in passenger traffic; the airports with the most significant increases were Monterrey, Culiacán, Chihuahua, Ciudad Juárez, and Torreón.

Domestic traffic in April 2007 totaled 952,212 passengers, an increase of 27% compared to the prior year. The new airlines have increased their routes and frequencies at OMA's airports. VivaAerobus opened four routes, three of which originate at Monterrey, and the fourth is Culiacán-Tijuana. The decrease in domestic traffic at the Zacatecas airport was due to the suspension of operations of Líneas Aéreas Azteca, which went into effect on March 26.

International traffic was 202,616 passengers in April 2007, a 12.2% reduction compared to April 2006. The Culiacán and Torreón airports recorded increases, principally due to the increase in passenger traffic to and from Los Angeles and Las Vegas. The rest of our airports recorded decreases; the most affected were the tourist destination airports, which saw a decrease in the frequency of some scheduled international flights, and the recovery of the Mexican Caribbean as tourist destination. The international traffic at Monterrey airport continues to be affected by the cancellation of international routes during 2006. Additionally, the temporary suspension of operations of Aerocalifornia continues to affect our airports.

By airport

Monterrey, OMA's principal airport, served 517,174 passengers in April 2007, an increase of 17.5% compared to the same month of 2006. The performance of Aviacsa and VivaAerobus, as well as Interjet, Volaris, Alma, and Aladia contributed to domestic traffic growth at Monterrey.

The airports in Culiacán, Torreón and Durango recorded increases over 50% as a result of the entrance of new airlines.
